

HCBS QUALITY REQUIREMENT #2: CHOOSING WHERE AND HOW TO LIVE

What does Choosing Where and How to Live mean?

This means that the setting supports a person with a disability to choose where and how they live from among options that include settings where people without disabilities live and spend their day. For residential settings, this includes having an option for a private room when available.

How are you doing?

Did the person choose where they live?

Yes

No

Did the person choose who they live with?

Yes

No

If answered “no,” what changes should be made so that people have choice in where and how they live?
